

# PEGASUS

## AIRBOOTS

### FROM ENDURANCE TO SHOW...

For those who are tired of all those straps, bulky products and excess heat build-up... Pegasus EquiCare created a fully breathable, high quality horse boot that "really is" easy to use.

After a series of seven prototypes and extreme testing, the result was a completely revolutionary design:

Cheetah Night White Black Onyx Plum Wild Shadow Dancer Zebra Rodeo Red

**BREATHABLE!** Constructed of the highest quality neoprene available, PERFORATED for long term comfort and cooling breath-ability.

**SERIOUS SUPPORT** The fully adjustable wrap extends 10mm of protection from the splint area to the exterior of the leg in a unique, conforming overlap. Upward support is provided to the fetlock area by an extra wide strap... stays in place, even when wet.

**9 COLOR STYLES** Luxurious Ultrasuede™ and embroidered detailing give your AirBoots a quality look and feel... from Basic Black, to Designer styles.

**PROTECTION**... for your toughest rides. Completely machine washable.
